

Ragot::Component

```
classDiagram
    Ragot::Model_Component --|> Ragot::Component
    Ragot::Transform_Component --|> Ragot::Component
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'Ragot::Component'. Below it are two boxes: 'Ragot::Model_Component' on the left and 'Ragot::Transform_Component' on the right. A horizontal line connects the two bottom boxes, with a vertical line extending upwards from its center to the bottom of the 'Ragot::Component' box, indicating that both 'Ragot::Model_Component' and 'Ragot::Transform_Component' inherit from 'Ragot::Component'.

Ragot::Model_Component

Ragot::Transform_Component
